# OVERVIEW

## A CONCEPT NOTE

Dance transcends boundaries,  
weaving together the threads of culture, history, and emotion.

“Rhythms in Harmony” is an international dance workshop designed to celebrate two dynamic and rhythm-centric dance forms: Kathak, a classical Indian dance that combines storytelling with intricate footwork, and Flamenco, a passionate Spanish dance that intertwines rhythm, strength, and grace.

The workshop will explore their unique elements and highlight their complementary nature through an innovative fusion.

# OBJECTIVE

To provide a platform for participants to deeply understand the origins, techniques, and expressions of Kathak and Flamenco individually

To celebrate the cultural richness and shared rhythmic traditions of India and Spain.

To create a space for artistic exchange and innovation through a fusion of the two styles.
